The committee sat severally to consider the applications and also made contact with both CPN and NCS with a view to crosschecking the records of nominee and their sponsors to arrive at the above summary. As can be seen from the above number two applicant for the position of President/Chairman of Council did not meet eligibility condition 5. For the avoidance of doubt, ELIGIBILITY TO CONTEST FOR ELECTIVE POSITION CONDITION 5 of the CPN electoral guidelines states:

- have attended two CPN IT Professionals’ Assemblies within the last 3 years, and at least
- two conferences of the Nigeria Computer Society within the last 3 years.”

The above is clear and instructive as the record show that applicant number 2 did not meet the eligibility criterial.
